

Name: Thaneshwar M

Roll No: 240701561

UID EX 9

AIM:

The aim is to design input forms that validate data, such as email and phone number, and display error messages using HTML/CSS and JavaScript with Validator.js

PROCEDURE:

Step 1:

Setting Up the HTML Form Start by creating an HTML form with input fields for the email and phone number.

```
1  <!DOCTYPE html>
2  <html lang="en">
3  <head>
4      <meta charset="UTF-8">
5      <meta name="viewport" content="width=device-width, initial-scale=1.0">
6      <title>Form Validation</title>
7      <link rel="stylesheet" href="style.css" type="text/css">
8  </head>
9  <body>
10     <div class="container">
11         <form id="myForm">
12             <label for="email">Email:</label>
13             <input type="text" id="email" name="email" required>
14             <span id="emailError" class="error"></span>
15
16             <label for="phone">Phone Number:</label>
17             <input type="text" id="phone" name="phone" required>
18             <span id="phoneError" class="error"></span>
19
20             <button type="submit">Submit</button>
21         </form>
22     </div>
23     <script
24 src="https://cdnjs.cloudflare.com/ajax/libs/validator/13.6.0/validator.min.js"></script>
25     <script src="script.js"></script>
26 </body>
27 </html>
```

Step 2:

Styling the Form with CSS Next, add some basic styling to make the form look nice.

```
1  body {
2    font-family: Arial,sans-serif;
3    background-color: #f4f4f4;
4    display: flex;
5    justify-content: center;
6    align-items: center;
7    height: 100vh;
8    margin: 0;
9  }
10
11  .container {
12    background-color: white;
13    padding: 20px;
14    border-radius: 5px;
15    box-shadow: 0 0 10px rgba(0, 0, 0, 0.1);
16  }
17
18  form {
19    display: flex;
20    flex-direction: column;
21  }
22
23  label {
24    margin-bottom: 5px;
25  }
26
27  input {
28    margin-bottom: 10px;
29    padding: 10px;
30    border: 1px solid #ccc;
31    border-radius: 3px;
32  }
33
34  button {
35    padding: 10px;
36    background-color: #28a745;
37    color: white;
38    border: none;
39    border-radius: 3px;
40    cursor: pointer;
41  }
42
43  button:hover {
44    background-color: #218838;
45  }
46
47  .error {
48    color: red;
49    font-size: 0.875em;
50  }
```

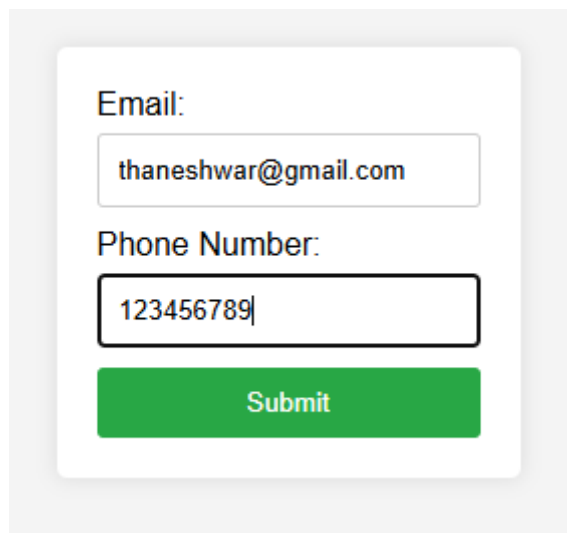

Step 3:

Adding JavaScript for Validation Finally, add JavaScript to validate the input fields using Validator.js and display error messages

```
1 document.getElementById('myForm').addEventListener('submit', function (e) {e.preventDefault();
2
3 let email = document.getElementById('email').value;
4 let phone = document.getElementById('phone').value;
5 let emailError = document.getElementById('emailError');
6 let phoneError = document.getElementById('phoneError');
7
8 emailError.textContent = '';
9
10 phoneError.textContent = '';
11
12 if (!validator.isEmail(email)) {
13     emailError.textContent = 'Please enter a valid email address.';
14 }
15
16 if (!validator.isMobilePhone(phone, 'any')) {
17     phoneError.textContent = 'Please enter a valid phone number.';
18 }
19
20 if (validator.isEmail(email) && validator.isMobilePhone(phone, 'any')) {
21     console.log('Email:', email);
22     console.log('Phone:', phone);
23 }
24
25
26
27
28
29
30
31
32
```

OUTPUT

For valid email and phone no. :

A form with two input fields and a submit button. The first field is labeled "Email:" and contains the text "thaneshwar@gmail.com". The second field is labeled "Phone Number:" and contains the text "123456789". Below the fields is a green button labeled "Submit".

Email:

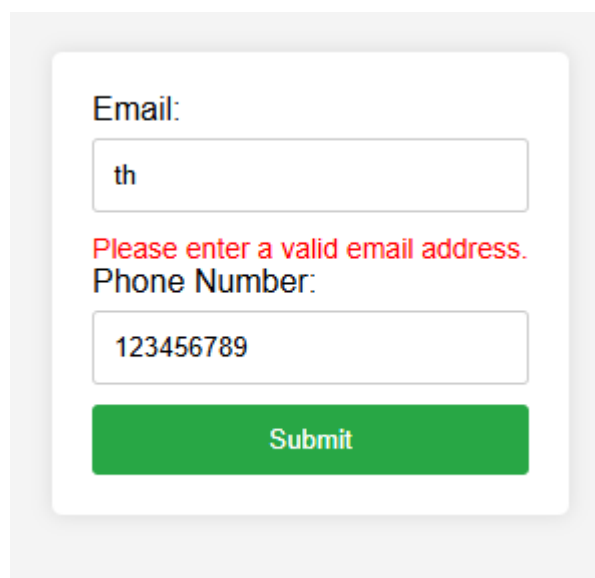

thaneshwar@gmail.com

Phone Number:

123456789

Submit

Error message for invalid email:

A form with two input fields and a submit button. The first field is labeled "Email:" and contains the text "th". Below this field is a red error message: "Please enter a valid email address.". The second field is labeled "Phone Number:" and contains the text "123456789". Below the fields is a green button labeled "Submit".

Email:

th

Please enter a valid email address.

Phone Number:

123456789

Submit

Error message for invalid phone no. :

Email:

thaneshwar@gmail.com

Phone Number:

thandh

Please enter a valid phone number.

Submit
